## Auditing

In execution of the task entrusted to us, we have examined the Annual Report of the Association Terra Nuova – Centro per la Solidarietà e la Cooperazione tra i Popoli ONLUS at 31 December 2023 consisting of:

- Balance Sheet
- Management Statement
- Activity Report
- Social report

It should be noted that this is the Financial Statements prepared in accordance with the financial reporting models of Third Sector entities defined by the Decree of the Ministry of Labor and Social Policy No. 112/2020 and in compliance with the provisions of Article 13 of the Third Sector Code (Legislative Decree No. 117/ 2017). The examination was conducted in accordance with the principles and audit criteria set forth in the Auditing Standards, national accounting standard OIC 35, and what is stated in the document titled: “Il controllo indipendente negli enti non profit e il contributo professionale del Dottore Commercialista e dell’Esperto Contabile” adapted on February 16, 2011 by the National Councils of Accountants, by verifying the accounting and the

estimation of the association assets, carrying out such audits of accounting and valuation of corporate assets as we deemed necessary for the purpose of the assignment given to us.

For this reason, we carried out both a professional assessment of the procedures and the standards according which the management-related issues are included in the book entry and represented in the balance sheet, and the necessary investigation of selective verifications on the book entries and on the other relevant documents and information in order to issue a comprehensive certification judgment, with due care and enough documentary support.

The choice of the selective assessments depended also on an analysis of the degree of reliability of the administrative systems and procedures and of the company internal control.

We verified, according to the abovementioned CNDCEC document, the compliance of the annual report with the facts and information available. The audit has been carried out in order to get all the necessary elements to verify if the annual report contains meaningful mistakes or it can be considered reliable. We consider that the work carried out can be a solid base to express a professional assessment on the annual report.

The Financial Statement and the Management Statement highlight the various items appropriately reclassified. They can be summarized as follows:
